

Jasper Dirkse began his career at Cinevideogroup in the Netherlands as a camera assistant, advancing to roles as a logistics manager for broadcast equipment and manager of the lighting department before transitioning to become a camera operator. With six years of experience and extensive training in camera, lighting, and editing techniques, Jasper established his freelance venture in December 1999. His company specializes in high-end camera operations, focusing on remote-operated systems such as Technocrane, MovieBird, Spidercam, Agito, and Jimmy Jib. Jasper Dirkse also serves as a producer for film, broadcast, and corporate productions, catering to both domestic and international markets. Leveraging a broad network and diverse skill set, he excels in coordinating crews and equipment across a wide range of production requirements.

Personal Description and Company Information

After immigrating from the Netherlands to Portugal in 2021, Jasper Dirkse renamed his company to Jasper Dirkse.TV - Broadcast Services & Support. His expertise in camera work and broadcast services provides clients with high-end professional support and a comprehensive ability to adapt to any production environment and team.

Keywords that describe his personality and work ethic include: team player, hardworking, innovative, loyal, personable, thoughtful, and proficient.

Television and Film Expertise / 1993 - Present

With over 30 years of experience in the television and film industry, Jasper developed expertise in various disciplines of broadcast and film productions, specializing as an ENG/EFP/Multicam camera operator, director of photography (DP), director, producer, and camera remote head operator.
